Nun and Phonetic letters

1- Introduction

Sura 68 starts with initial Noon and count of letter Noon (ن) in sura 68 is **133(19*7)**. In the general Quran this initial was written as one letter Noon (ن); but it isn't correct. **19** year after death of prophet Muhamad two false verses were added to Quran and the verse 68:1 was corrupted. Collectors of Quran think that this initial is like other initials; because all other initials were written by one letter except this initial. They made a mistake about this initial and GOD showed us that the Nun (**نون**) is correct not Noon(ن) or not

DbI Noon (ن ن). There are **14** initial letters. **14** is very important in initial letters. Noon is **14th** letter in Abjad system. It is interesting that 68:1 has **14** initial letters. The first verse that revealed to prophet Muhamad was 96:1 and it has **14** initial letters too. Sura 68 (6+8=**14**) starts with Nun.

نون و القلم و ما يسطرون

[68:1] NuN, the pen, and what they (the people) write.

We can imagine the Nun like Two group letters.

N₁ U₂ N₃

1: Normal letter 2: Phonetic letter 3: Normal letter

2- Declarations

Nun=نون

example:"مومنون"

Noon=ن	example:"امنوا"
DbI Noon=نن	example:"مننا"
DbI Express Noon= نن (without space) or ن ن (with space between)	example: "مننا" or "لن نومن"
DbIX= DbIAlef or DbIBa or DbIGhain (for all 29 arabic letters)	Example: غغ - ... - دد - بب
Phonetic letters = {Alef-Ya-Waw-Hamzah} or { ا- ي- و- ء }	
Phonetic letters except Waw = {Alef-Ya-Hamzah} or { ا- ي- ء }

3- Noon

1

There is **133(19*7)** letter Noon in sura 68.

2

There are **19** verses in first verses of **114** suras that end with letter Noon. 68:1 is **14th** verse in this set.

3

Nun is unique among the Quran's miraculous initials. This letters play strange and important role in Quran. This initial is in 68:1. It is very interesting that this verse (68:1) is **19th** verse from first of Quran that starts with letter Noon (ن).

Those 19 verses that starts with letter Noon from first of Quran to 68:1 are:

[2:223],[3:3],[12:3],[15:49],[17:47],[18:13],[20:104],[23:56],[26:193],[28:3],[31:24],
[41:31],[41:32],[50:45],[54:35],[56:57],[56:60],[56:73],[
68:1]

4

The first **19** verses of the Quran are verses 1:1 to 2:12 and they have **57 (19 x 3)** letters Noon (ن). The last **19** verses

of the Quran are verses 112:2 to 114:6. There are **19** letters Noon (ن) in the last **19** verses of the Quran.

4- Nun

1

There is **228(19*12)** verses in all Quran that have pattern Nun (نون). (Table1)

Like verse 72:19,

[٧٢:١٩] **وانه لما قام عبد الله يدعوه كادوا يكونون عليه لبدا**

2

There is **133(19*7)** verses in all Quran that ends with pattern Nun. (Table2)

Like verse 95:6,

[٩٥:٦] **الا الذين ءامنوا وعملوا الصلحٰت فلهم اجر غير ممنون**

133 is count of Noon in sura 68 too. **Allahu Akbar!**

3

Initial nun is mentioned in 68:1. From first of Quran to 68:1 There are **228(19*12)** pattern Nun. It means that Nun in 68:1 is **228th** pattern Nun in Quran.

نون و القلم و ما يسطرون

Is it only Chance?? GOD is glorified! You can test it in Microsoft word.

4

GOD has called Jonah, Zan-Nun. Because real name of Jonah in Latin was **Yunaan**. GOD orders Jonah to prophesy to the city of **Nineveh**. Both word **Yunaan** and **Nineveh** have **Two** Noon. The verse **21:87** that GOD has mentioned in it Jonah, is very important.

[٢١:٨٧] **وذا النون** اذ ذهب مغضبا فظن ان لن نقدر عليه فنادى في الظلمت ان لا اله الا انت سبحك اني كنت من الظلمين

[21:87] And Zan-Noon (Jonah, "the one with **two** `N' in his name"), abandoned his mission in protest, thinking that we could not control him. He ended up imploring from the darkness (of the big fish's belly): "There is no god other than You. Be You glorified. I have committed a gross sin."

Zan-Nun is mentioned in **21:87** and initial Nun is in 68:1. from 21:87 to 68:1 there are **95(19*5)** verses having **one** pattern Nun (نون).

5

Nun in sura 68 written as Noon-Waw-Noon (two Noon and one Waw = نون).There are only **228 (19*12)** verses that **two Noon** and **one Waw** exists in them (Table5) . Like verse 111:2,

$$228=2*114 =19*12!!$$

[۱۱۱:۲] ما اغنى عنه ماله وما كسب

GOD has designed Quran mathematically strange. One of words that is very strange is word **Amma** (عم) in verse 78:1.The question that raised here is "Why GOD has used word **Amma** (عم) instead of **AnMaa** (عن ما)?". The verse 78:1 has strange word like **Amma** (عم).This word must be **Anmaa** (عنما) but GOD has deleted one Noon from it; Because of protecting above rule.

[۷۸:۱] عم يتساءلون

God be glorified! All the praises and glories belong to GOD, the Quran is a true divine gift to humanity.

5- DbI Noon

1

There are **133**(**19*7**) verses in all quran having DbI Noon (نن) . (Table3)

Like verse 89:16

وَمَا إِذَا مَا ابْتَلَاهُ فَقَدَرَ عَلَيْهِ رِزْقَهُ فَيَقُولُ رَبِّي أَهْنَنِ [٨٩:١٦]

Allahu Akbar! 133 is count of Noon in sura 68 too.

2

Verse number of **57** (**3*19**) verses in the above 133 verses are even and Verse number of **76** (**4*19**) verses are odd.

3

If we delete all spaces in the Quran, There are **361**(**19*19**) DbI Noon (نن).

Or

There is **361(19*19)** DbIExpressNoon in all Quran.

Allahu Akbar!! Finally letter Nun will stop my heart and will kill me.

6- Nun and DbI Noon

1

Consider all verses in the quran that have DbI Noon (نن) **or** Nun (نون). In these verses there are **2698(19*142)** letter Noon. **2698 is count of word GOD too.**

Allahu Akbar!!

2

There are only three verses in all Quran that contain DbI noon (نن) **and** Nun (نون) both. These three verses are :
48:12 , 6:109 , 7:27

Now if we add the sura and verse numbers in these three verses:

$$48 + 12 + 6 + 109 + 7 + 27 = 209 = 19 \times 11$$

It is interesting that count of letter Noon in these 3 verses is **38(19*2)**.

7- phonetic letters and Nun

We know that there are some letters in Arabic that are phonetic. These letters are **Alef-Waw-Ya** and **Hamza** . Phonetic letters in English are **a-e-i-o-u** .The human errors in Quran are about the phonetic letters. For example one person write word **Alwah الواح** with Alef and another one has written it without Alef (**الوح**) only by a vowel instead of Alef

1

Now consider all pattern like Noon-Alef-Noon (نان) or Noon-Waw-Noon(نون) or Noon-Ya-Noon(نين) or Noon-hamzah-Noon(نءن) in Quran. It is very interesting that we have:

Count of Noon-Waw-Noon(نون) in Quran : **241**

Count of Noon-Alef-Noon(نان) in Quran : **8**

Count of Noon-Ya-Noon(نين) in Quran: **264**

Count of Noon-Hamzah-Noon(نءن) in Quran: **0**

$$241+8+264+0=513(19*27)!!!$$

You can test it for yourself in Microsoft word simply.

8- Deletting all phonetic letters from Quran

Now please come and delete all phonetic letters (and space) from total Quran. For example the verse " **نون والقلم و ما** " **يسطرون**" would be converting to "**ننلقلممسطرن**".

You can do it in Microsoft word for yourself. The below relations is right if we delete all phonetic letters and space from Quran.

1

Now consider all verses from first of Quran to 68:1. It is very interesting that there are **1444(19*19*4)** DbI Noon in this domain.

2

Sura 68 has initial Nun. May it have many strange points? Now please come and delete all phonetic letters from sura 68. It is very interesting that there are **38(19*2)** DbIX in

sura 68. I have done it. you can copy sura 68 to word and delete phonetic letters from it. For deleting phonetic letters you must use find and replace in the word.

Count of DbIBa=2

Count of DbIHa=1

Count of DbILam=14

Count of DbIMeem=9

Count of DbINoon=11

Count of DbIte=1

For other Arabic letter=0

$$2+1+14+9+11+1=38(19*2)$$

Allahu Akbar!!!!

May be someone ask why we delete phonetic letters from Quran?

The Quran under hand has some errors in Alef. These relations prove for us that Quran without phonetic letters is miracle too.

3

GOD has called Jonah, Zan-Nun. Because real name of Jonah in Latin was **Yunaan** .GOD orders Jonah to prophesy to the city of **Nineveh**. Both word **Yunaan** and **Nineveh** have **Two** Noon. The verse **21:87** that GOD has mentioned in it Jonah, is very important.

الظلمت ان لا اله الا انت سبحنك اني كنت من الظلمين
وذا النون [٢١:٨٧] اذ ذهب مغضبا فظن ان لن نقدر عليه فنادى في

[**21:87**] And Zan-Noon (Jonah, "the one with **two** `N' in his name"), abandoned his mission in protest, thinking that we could not control him. He ended up imploring from the darkness (of the big fish's belly): "There is no god other than You. Be You glorified. I have committed a gross sin."

Now consider all verses from first of Quran to verse **21:87** that count of DbI Noon is **one** in them. In this state there are **532(19*28)** verses.

4

There are **19** DbI Noon in sura **21** (the sura that ZanNoon is mentioned).

9- Quran without space

Quran without space: deleting all spaces between letters. For example verse "نون والقلم و ما يسطرون" would be converting to "نونالقلمومايسطرون".

1

GOD has mentioned Zan-Nun in 21:87. Now consider all verses in the Quran from first of Quran to 21:86 without space. It is very interesting that there are **133(19*7)** pattern Nun in this domain.

Allahu Akbar!!

2

In above state it is very interesting that there are **14** patterns Nun from 68:1 to end of Quran.

3

Number 19 is mentioned in verse 74:30. There are **19** Nun and Dblnoon (8 Nun and 11 Dblnoon) from verse 68:1 to verse 74:30

10-Deleting all phonetic letters (except Waw) from Quran

We know that there are some letters in Arabic that are phonetic. These letters are **Alef-Waw-Ya** and **Hamza** . Phonetic letters in English are **a-e-i-o-u** .The human errors in Quran are about the phonetic letters. For example one person write word **Alwah** الواح with Alef and another one has written it without Alef (الوح) only by a vowel instead of Alef.

Now please come and delete all phonetic letters (and space) except **Waw** from total Quran. In this case we don't delete Waw, because Waw is from Nun letters. In this case there are many strange roles in Quran.

For example the pattern "نون والقلم و ما يسطرون" would be converting to "نونلقلمومسطرون".

Note: all the relations in this section (1 to 16) is right when we delete all phonetic letters (except Waw) from Quran.

1

It is very interesting that in this state we have **1140** (**19*60**) DbI Noon in all Quran.

2

Now consider all verses from first of Quran to verse 68:1. In this state there are **114(19*6)** verses that have **Two Dblnoon**.

3

sura 9 is the sura that was added to it two false verses. Now consider all verses from 1:1 to verse 9:1. In this state there are **38(19*2)** verses that have **two Dblnoon**.

4

Now consider all verses from 9:1 to verse 68:1. In this state there are **76(19*4)** verses that have **two Dblnoon**.

Now convert Hadith 9:128 according to above role.

لقد جاءكم رسول من انفسكم عزيز عليه ما عنتم حريص عليكم
بالمؤمنين رؤوف رحيم

Delete all phonetic letters from it except Waw. The result is:

لقد جكم رسولم نفسكم عزز علم عنتم حصرص علمكم بموم ن رؤوف رحم

You can see that there is two Dblnoon in the converted verse. According to above role , if we include 9:128 in the Quran ; then all the above rules would be false.

5

Now consider all verses from 1:1 to verse 68:1. In this state there are **76(19*4)** verses that have Dblnoon (نن) and have Nun (نون) both.

6

Now consider all verses from 21:87 (the verse that Zan-nun is mentioned) to verse 68:1. In this state there are **133(19*7)** verses that have pattern Nun.

Allahu Akbar!! 133 is count of noon in sura 68 too!!!

Is it only Chance???????

God be glorified!!Is there any other book in the world that can demonstrate a similar phenomenon?!!!

7

Now consider all verses from 1:1 to end of sura 68 that ends with pattern **Nun**. In this state there are **133(19*7)** pattern Nun in these verses.

8

Now consider all verses from 21:87 (The verse that Zan-nun is mentioned) to end of sura 68. In this state there are **114(19*6)** verses that count of Nun (نون) is greater than count of Dblnoon(نن) in them.

In verse 68:1 there is one Nun and Zero DblNoon. It confirms dictation of verse 68:1. GOD is glorified!!

9

Sura 21 is the sura that Zan-nun is mentioned. For example GOD has mentioned one word in Quran strangely in 21:88;

[٢١:٨٨] فاستجبنا له ونجينه من الغم وكذلك نجى المؤمنين

In this verse word Nonajee has spelled as "نجى" (with one Noon) not "ننجى" (with DblNoon). The other Noon in this word is over the word. This is very interesting point. Because this protects 133 verses that have DblNoon.

Now consider all verses from 21:1 to 21:88. In this state there are **19** DbInoon.

10

Now consider all verses from first of Quran to verse 68:1. In this state there are **760(19*40)** verses that have **One** DbInoon.

11

From 1:1 to 68:1 there are **19** verse that start with DbInoon (نن).

12

Sura 21 is the sura that Zan-Nun is mentioned. Now consider all verses from 1:1 to end of sura 21. In this state there are **646(19*34)** DbInoon.

13

Now consider all verses of Quran. In this state there are **152(19*8)** verses that ends with DbInoon.

14

Verse 21:87 is the verse that Zan-Nun is mentioned in it .Now consider all verses from 21:87 to end of sura 68. In this state there are **76(19*4)** verses that ends with DBINoon.

15

Sura 21 is the sura that Zan-Nun is mentioned. Now consider all verses from 21:1 to end of Quran. In this state there are **152(19*8)** verses that have pattern Nun.

16

Sura 21 is the sura that Zan-Nun is mentioned. Now consider all verses in sura 21. In this state there are **19** verses that have pattern Nun(نون) or Dblnoon (نن).

GOD is greater! IS it Only Chance???

11- Pnun

If we delete all letters from the Quran except Noon and Waw, The remained text is PNUN of verse. For example the pattern " **نون والقلم و ما يسطرون** " would be convert to " **نونوون** " .

Or

For other example PNUN of " ما انت بنعمة ربك بمجنون " is "ننون".

1

Now consider all verses in sura 68. In this state there are **19** verses that count of pattern Nun (نون) is **One** in them. Like verse 68:1 that has one pattern Nun. (نونوون). Verse 68:1 has one Nun. If we write Nun as one noon, then the above rules would be false.

2

Now consider all verses from 1:1 to verse 68:1. In this state there are **2128(19*112)** verses that haven't Nun.

12- Pnun2

If we delete all letters from the Quran except Noon and Waw then we delete repeated Noon and Waw. The remained text is PNUN2 of verse.

For example the pattern "نون والقلم و ما يسطرون" would be converting to "نونون".

For other example PNUN of " ما انت بنعمة ربك بمجنون " is "ننون" and PNUN2 of it is "نون"

1

Now consider all verses in sura 68. In this state there are **19** verses that count of Nun (نون) in them is **one**. Verse 68:1 has two Nuns. If we write Nun as one noon, then the above rules would be false.

13- Word GOD and Nun

1

There are only **95 (19*5)** verses in all Quran that have pattern Nun (نون) and have word GOD too.

2

There are **133 (19*7)** verses that count of word God and count of Noon is equal. Like 98:2 that have one word God and one Noon (table4).

Allahu Akbar! 133 is count of Noon in sura 68.

Now consider 9:129:

فان تولوا فقل حسبى الله لا اله الا هو عليه توكلت و هو رب
العرش العظيم

9:129 has one word God and One Noon .If we include this verse in Quran then total is 134 and isn't divisible by 19.

3

There are **95(19*5)** verses that have one word God and have one Noon too.

4

There are **76(19*4)** verses that have one word God and have one Waw too.

14- Conclusions

1

Many **people** throughout history have documented the Quran; but may be they had some errors in it. 99.99% Errors of qurans is in Phonetic letters. BUT GOD almighty

has protected Quran miracle with phonetic letters and without phonetic letters. Nun, the pen, and what they (**the people**) write. Miracle of Nun proved it for us. Purified Quran by [Rashad Khalifa](#) the messenger of covenant is 99.9999% main Quran in spelling and letters. It may have a few errors in Alef But 99.9999% is from GOD.

نون و القلم و ما يسطرون

[68:1] NuN, the pen, and what they (**the people**) write.

God be glorified! All the praises and glories belong to GOD, the Quran is a true divine gift to humanity.

2

The Noon connection confirm the Hafs verse numbering of Quran and show that Warsh verse numbering version isn't divinely complete. By using the above rules we can confirm true version between Hafs and warsh version. After death of prophet Muhamad, Some of whom that had memorized the total Quran went to other cities. They wrote Quran with their

hand (their pen). These qurans were different than main Quran. Because someone wrote the word **Alinsan** (for ex.) with ALEf (الانسان) and someone write the **Alinsan** without Alef (الانسن). Because they didn't know that the handwriting of Quran is miracle too. This matter produced the great problem. Therefore the committee of Quran decided to destruct all the qurans except the main Quran. They destructed all version except some of them (like Warsh , ...). The Hafs version of Quran is main Quran 99.9999%

3

Above rules confirm the true dictation of verse 68:1 like Nun (نون) not Noon(ن) or Dblnoon (نن). Some website write initial Nun as Dblnoon (نن) that isn't correct and it must be Nun (نون) with Waw. Waw isn't from initial letters , it is only between two initial letters Noon.

4

We know that Quran has a Pen and its Pen is Nun. GOD almighty after initial letter Nun in 68:1 points to Pen. This matter shows us that Nun has miracle of pen for Quran. Prophet Muhamad write the Quran with his own hand. The main Quran that was written by prophet Muhamad Hand

destructured by Omayy Leader **Marvan ben Hakam** in year **684(19*36)**. But GOD hasn't converted the miracle of Quran to **mirage**. GOD by his will has protected the Main Quran 99.9999%. Messenger of Covenant Rashad Khalifa by God will showed the main Quran . Therefore the Quran that is under our hand is main Quran in letter and spelling 99.9999% .

5

Many of **Sunni** and **Shia** people think that mathematical miracle of 19 is false and is fabricated by Rashad khalifa. now it is time to call on all the **Sunni** and **Shia** people to take lesson from this matter. If Rashad khalifa changed the Noon (ن) to Nun (نون) in 68:1, it wasn't from himself, it was from God. They think Rashad Khalifa removed 9:128,129 by his will. But it wasn't from himself , it was from GOD. It is test for Sunni and Shia people. Do the Sunni and Shia people think that they will be left to say, "We believe," without being put to the test? Removing 9:128, 129 is test for them. If they are right and believers; they must reject 9:128,129.

[٢٩:٢] احسب الناس ان يتركوا ان يقولوا ءامنا وهم لا يفتنون

[29:2] Do the people think that they will be left to say, "We believe," without being put to the test?
