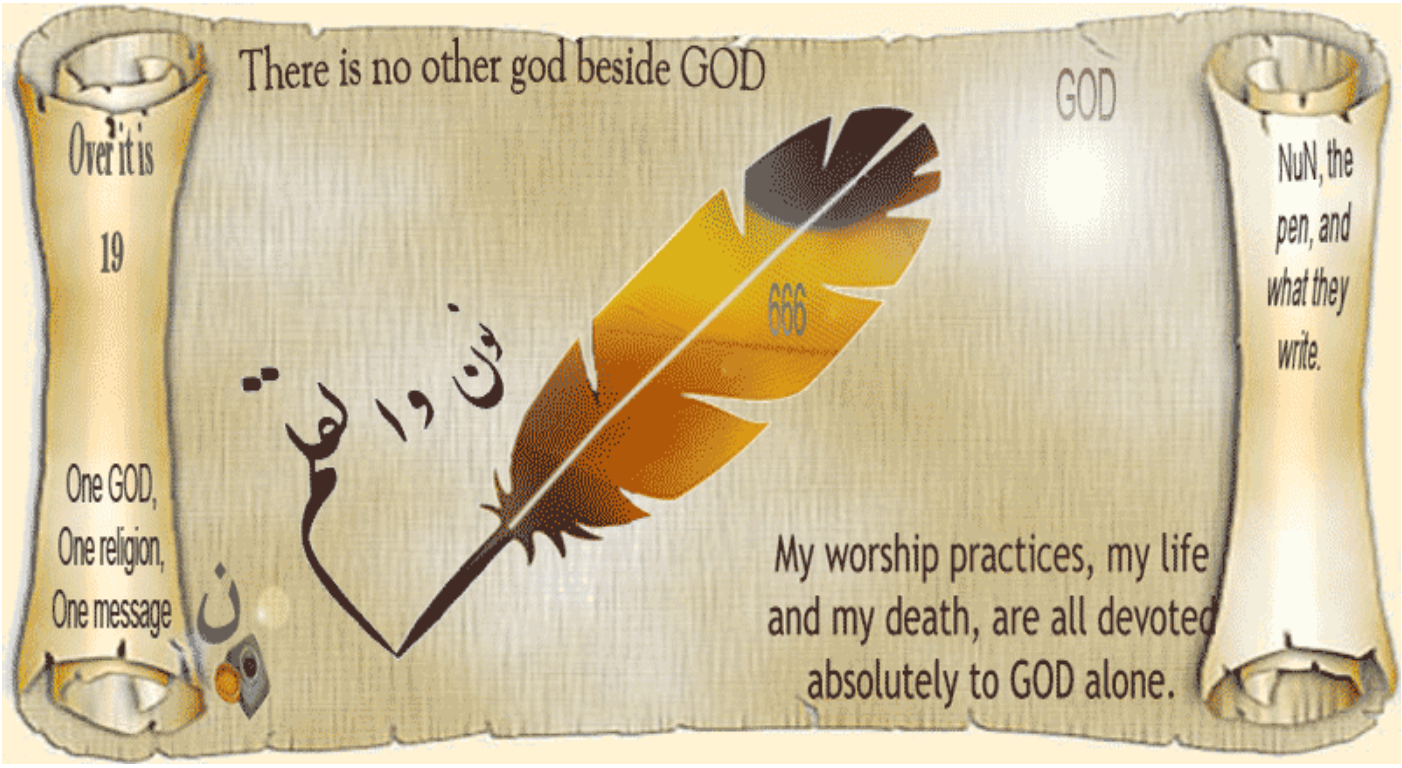
In the name of God, Most gracious, most merciful



NuN, the pen, and what they write

[74:30] over it is nineteen.

19 is One of the great miracles provides the First physical evidence that the Quran is God's message to the world. 19-based miracle:

[74:31] we appointed angels to be guardians of Hell, and we assigned their number (19)

(1) To disturb the disbelievers,
(2) To convince the Christians and Jews (that this is a divine scripture),
(3) To strengthen the faith of the faithful,
(4) To remove all traces of doubt from the hearts of Christians, Jews, as well as the believers, and
(5) To expose those who harbor doubt in their hearts, and the disbelievers; they will say, "What did God mean by this allegory?" God thus sends astray whomever He wills, and guides

whomever He wills. None knows the soldiers of your Lord except Him. This is a reminder for the people.

NuN is One of the great miracles provides the **Next** physical evidence that the Quran is God's message to the world. Many of **Muslims** think that mathematical miracle of 19 is false and is fabricated by Rashad khalifa. Now it is time to call on all to take lesson from this, If Rashad khalifa changed the Noon (ن) to Nun (نـون) in 68:1; it wasn't from himself, it was from almighty God.

Some persons after Rashad khalifa converted Noon to Dblnoon (نـن); but God now proved that Nun (نـون) is correct not noon (ن) or Dblnoon(نـن). We must take lesson from this that **we must rely on messenger of Covenant**.

ن والقلم و ما يسطرون is incorrect.

نـن والقلم و ما يسطرون is incorrect.

نـون والقلم و ما يسطرون is correct.

[74:30] over it is nineteen.

GV of verse 74:30 is **1221**. GV of **Rashad Khalifa** (رشاد خليفه) is **1230**.

1221+1230 = 2451 = 19*129

Noon letter is **14**th letter in Abjad system and in initial letters too. God has mentioned this initial on sura 68 (6+8=**14**. God after Nun point to pen in 68:1,

نـون ۚ وَٱلۡقَلَمِ وَمَا يَسۡطُرُونَ

[68:1] NuN, the pen, and what they (the people) write.

Sura 68 starts with initial Noon and count of letter Noon (ن) in sura 68 is **133(19*7)**. In the general Quran this initial is written as one letter Noon (ن), but it is incorrect. **19** year after death of prophet Mohammad two false verses was added into paper of Quran and the verse 68:1 was corrupted. Collectors of Quran thought that this initial is like other initials; because all other initial was written by one letter except this initial. They made mistake about this initial and God showed that the Nun (نـون) is correct not Noon(ن) or not DblNoon (**نـن**). There are **14** initial letters. **Number 14** is very important in initial letters. Noon is **14**th letter in Abjad system. It is interesting that 68:1 has **14** initial letters. The first verse that revealed to Prophet Mohammad was 96:1 and it has **14** initial letters too. Sura 68 (6+8=**14**) starts with Nun.

One sura in the Quran, its title is "The Pen" that is sura 68. It starts with the letters Nun. The letter noon (ن) in Arabic is like **bowl of ink.**

نـون = Nun = bowl of ink

الـقـلـم = The pen = the tool that written by it

مـا يـسطرون = the things that written by pen and Nun

Fact

1	The frequency count of the letter Noon in sura 68 is 133	133 = **19** x 7
2	There are precisely 133 verses in the Quran that ends with Nun (Noon Waw Noon = نون) Example: وَمَا صَاحِبُكُم بِمَجْنُونٍ [81:22]	133 = **19** x 7
3	There are 133 verses where two letters of Noon occurring side by side like **(ننجي)** **Example:** ثُمَّ نُنَجِّي رُسُلَنَا وَٱلَّذِينَ ءَامَنُوا۟ ۚ كَذَٰلِكَ [10:103] حَقًّا عَلَيْنَا نُنجِ ٱلْمُؤْمِنِينَ	133 = **19** x 7
4	There are only 95 verses in the Quran where the Arabic word God (الله) and the pattern Nun (Noon Waw Noon = نون) occur together	95 = **19** x 5
5	There are 361 cases (not verses) having two letters Noon next to each other with an space between them like (لن نؤمن) and two letters of Noon side by side without any spaces in between like (ننجي)	361 = **19** x **19**

9	There are 133 verses with pattern double Noon (نن). 57 of these verses are even numbered and 76 verses are odd	57 = **19** x 3 76 = **19** x 4
10	There are 358 verses with the pattern Nun (Noon-Waw-Noon=نون) or the pattern double Noon (نن). The total count of the letter Noon in these verses is 2698.	2698 = **19** x 142

20	There are **19** verses that are numbered 1 and end with letter Noon	19 = **19** x 1

Word Becca

God has mentioned one strange word in Quran. This word has many interesting points in Quran. In verse 3:96 word **Becca** (بكه) is mentioned instead of **Mecca** (مكه).

ان اول بيت وضع للناس للذي ببكة مباركا و هدى للعلمين [٣:٩٦]

[3:96] the most important shrine established for the people is the one in Becca;* a blessed beacon for all the people.

The question that maybe raised here is why God has changed the word in this verse? In another verse this word is mentioned as Mecca not Becca. These two letters (Meem and Ba) are only letters that are independent than tongue. All languages in the world speak these two letters similarly; and these two letters are only letters spoken by **lips not tongue**. All languages in the world recite Meem and Ba in One form. Therefore reciting the Sura Key in contact prayer is share factor of all **tongue** in the

world. Total count of **Meem** and **Ba** is **19** in sura key. For such reason we must recite Sura Key in Arabic Language in our contact prayers.

Fact No.	Description of the Mathematical Pattern about word Becca
1	Firstly declare some patterns:

DblBa = without space (بب) Like: ببعضها	with space (ب ب) like : العذاب بالمغفرة

DblMeem= without space (مم) Like: مما	with space (م م) like : قلوبهم مرض

[3:96] ان اول بيت وضع للناس للذي ببكة مباركا وهدى للعلمين

Word **BiBecca** has **DblBa** (بب)

Letter **Meem** and **Ba** have close relation with each other. Now consider all cases that are like **DblBa** with space or without space (بب - ب ب) or **DblMeem** with space or without space (مم – م م). It is interesting that in all Quran we have :

Count of DblMim is 209 like ;

[٢:٢٣] وان كنتم في ريب مما نزلنا على عبدنا فاتوا بسورة من مثله وادعوا شهداءكم من دون الله ان كنتم صدقين

Count of DblMeem with space is 1021 like ;

[٢:١٠] في قلوبهم مرض فزادهم الله مرضا ولهم عذاب اليم بما كانوا يكذبون

Count of DblBa is 64 like ;

[٢:٧٣] فقلنا اضربوه ببعضها كذلك يحي الله الموتى ويريكم ءايته لعلكم تعقلون

	Count of DblBa with space is 74 like ; اولئك الذين اشتروا الضللة بالهدى [٢:١٧٥] والعذاب بالمغفرة فما اصبرهم على النار Now total count is: **209+1021+64+74=1368(19*72)** **is it coincidence?**
2	There are only **38(19*2)** verses in all Quran that the sum of letters **Ba** and **Meem** in them is **19** Like verse 12:37, قال لا ياتيكما طعام ترزقانه الا نباتكما [١٢:٣٧] بتاويله قبل ان ياتيكما ذلكما مما علمني ربي اني تركت ملة قوم لا يؤمنون بالله وهم بالاءخرة هم كفرون
3	The two verses that Becca and Mecca mentioned: Sum of verse number and sura number of these 2 verses (3:96 and 48:24): 3+96+48+24=**171 (19*9)**
4	3:96 is in sura 3. Now consider count of **Meem** and **Ba** in this sura. It is interesting that total count of **Meem** and **Ba** is **1824 (19*96)**!! Is this coincidence?
5	Verse 3:96 that word Becca is mentioned in it, is in sura 3. There are **38(19*2) DblBa** and **DblMeem** from first of quran to end of sura 3.

6

There are four combination of letter **Ba** and **Meem** that are:

BM – BB – MM – MB بم - بب – مم – مب (without space)
B M – B B – M M – M B ب م – ب ب – م م – م ب (with space)

Now consider all 8 above patterns in sura 3. It is very interesting that there are **114(19*6)** cases in sura 3.

Allahu Akbar!

God is glorified! Thanks God for such book full of surprise and wisdom.

BM: **22**	BB: 6	MM: 4	MB: 2
B M: 9	B B: **3**	M M: 39	M B: 29

22+6+4+2+9+3+39+29=114(19*6)

6

In Above relation (fact 5) we mentioned that there are four combination of letter ***Ba*** and ***Meem*** that are :

BM – BB – MM – MB
بم - بب – مم – مب (without space)

B M – B B – M M – M B
ب م – ب ب – م م – م ب (with space)

Now consider all 8 above patterns in sura 9. It

	is very interesting that there are **76(19*4)** cases in Sura 9. This is right where sura 9 has 127 verses. Allahu Akbar! BM: **12** BB: 1 MM: 1 MB: 0 B M: 6 B B: **0** M M: 30 M B: 26 **12+6+1+0+1+30+0+26=76(19*4)**
7	Another word Mecca is mentioned in 48:24. Now consider count of **DblBa** and **DblMeem** from first of Quran to verse 48:24. It is very interesting that there are **247(19*13)** cases.
8	Becca is name of place. In sura 3, God has used another place word like Becca. That word is "ببدر" in verse 3:123. This word has **DblBa** too. It is very interesting that there is **76(19*4)** letter **Ba** from verse 3:96 to 3:123.

Pen is for writing and it is about **hand-writing miracle** of Quran and we get good result that Nun letters are protector of Quran text. There are **14** versions of quran like Hafs, Warsh and Qaloon and etc. God has promised us that he protect Quran. God's will is on top of all wills. He has protected main Quran in Hafs version. Messenger of God Dr. Khalifa purified it and now Hafs version by God will is main Quran 99.999999 percent. May be it has a few errors in Alef yet, but purified Hafs version is main Quran 99.999999%.

Sura 68 is 2nd sura that was revealed to Prophet Mohammad. God revealed Quran to Prophet Mohammad in night of 27th Ramadan. First verse that revealed to Prophet Mohammad was 96:1. Second group of verses that revealed to Prophet Mohammad was 68:1. GV of 68:1 is **695** and GV of 96:1 is **2098**.

695+2098=2793=19*147

God has revealed Nun proof to me in night of 27th Ramadan year 2000. God show me one messenger that I am like him 99%. That messenger is "Yoshe ben nun" ("يـوشع بـن نـون"). God has not mentioned name of "يـوشع بـن نـون" by name in Quran. But my face is like him 99%. My position is like his position.

Gv of my name (اسعد حسيني) is **273** and Gv of "يـوشع بـن نـون" is **544**.

273+544=817=19*43

There are **14** version of Quran that only one of them is correct. It is Hafs version. God has purified Quran Hafs version by Dr. khalifa. He protects Quran by his will through **many factors** that we do not know all of them.

God has revealed to me these patterns in 27th Ramadan night of destiny. Verse 97:1 is about night of destiny. Gv of 68:1 is **695**. It is interesting that Gv of 97:1 is **695** too. GV of night of destiny in Arabic (لـيـلـة الـقـدر) is **410**. GV of my name is **273**.

273+410+666 = 1349 = 19*71

273410 = 19*14390

إِنَّآ أَنزَلْنَـٰهُ فِى لَيْلَةِ ٱلْقَدْرِ

[97:1] we revealed it in the Night of Destiny.

نـون ۚ وَٱلْقَلَمِ وَمَا يَسْطُرُونَ

[68:1] Nun, the pen, and what they (the people) write.

GV of my name is **273**. Gv of letter Noon is **50**. If we sum these two numbers then we have:

273+50 = 323 = 19*17

One of important number in previous scriptures is **666**. Satan has demolished 666 for Christians and has demolished 19 for Muslims too. It looks like that Satan has used one tactic for both groups. **666** is been formed from three six. **666** is **identity** for Quran. GV of letter Waw is **6** in Arabic and Hebrew. **WWW** (**W**orld **W**ide **W**eb) means **three Waw or three six or 666**. For more info about 666 refer to: http://www.universalunity.org

fortunately at these days (6/6/2006) leader of terrorist **Abu Masabe Zarqawy** was killed. Islam is not what terrorist groups are doing. They are not Muslims at all. Islam or submission (religion of Abraham) is religion of Peace and there is no compulsion in religion.

[28:53] when it is recited to them, they will say, "We believe in it. This is the truth from our Lord. Even before we heard of it, we were submitters."

Three components in 68:1 are:

1- نون 2-القلم 3- ما يسطرون

GV of three Above Factors are: **106, 201, and 376**

106+201+376+666 = 1349 = 19*71

God does not reveal his proofs through false messengers. God had selected me for this duty. God does not select false messenger for showing his signs in Quran. GV of my name is **273**. GV of the pen ("Alqalam" in Arabic) is **201**.

273+201+666 = 1140 = 114*10 = 19*60

273201 = 19*14379

My name has **9** letters and word Alqalam in Arabic (**القلم**) has **5** letters.

9+5 = 14 (Noon is 14th initialed letter)

GV of my name is **273**. Gv of pattern Nun (نون) is **106**.

273+106+666 = 1045 = 19*55

273106 = 19*14374

Gv of my name is **273**. GV of verse 68:1 is **695**.

273+695+666 = 1864=19*86

273695 = 19*14405

Verse 68:1 and 96:4 are about pen. GV of verse 68:1 is 695 and GV of verse 96:4 is 1084.

273+695+1084 = 2052 = 19*108

Pattern (و ما يسطرون) has 9 letters and my name (اسعد حسيني) has 9 letters too. Pattern (نون والقلم) has 9 letters.

9+9+9 = 27

The nun miracle was revealed to me at night of 27 Ramadan. God does not reveal his proofs through false messengers. God does not select false messenger for showing his signs in Quran. **No messenger can produce a miracle without God's authorization, and in accordance with a specific, predetermined time.**

[13:38] we have sent messengers before you (O Rashad), and we made them husbands with wives and children. No messenger can produce a miracle without God's authorization, and in accordance with a specific, predetermined time.

At time of discovering these orders, Fahad Ben Abdulaziz king of Saudi Arabia passed away. Now I understand why God has made this two accidents synchronously. Because he was from group whom that were (and are) printing many other versions like Warsh only for **Medinean Fanatic**. But medinean is not license for God. This confirmed with another relation.

Gv of Fahad Ben Abdulaziz (فهد بن عبدالعزيز) is 342(**19***18).

And his name has **14** letters and he passed away in 1/8/2005.

1+8+2005 = 2014 = 19*106

All of above mathematical code is proof that my message is from God. False messengers are not protected by physical miracle.

God is glorified!

Verse 36:3 is read for me in my dream.

انك لمن المرسلين [٣٦:٣]

[36:3] Most assuredly, you are one of the messengers.*

God is glorified!

Verse 36:3 has 14 letters and word pen in Arabic (Alqalam) has 5 letters.

14+5 = 19

وَلَقَدْ صَرَّفْنَا فِي هَـٰذَا ٱلْقُرْءَانِ لِلنَّاسِ مِن كُلِّ مَثَلٍ ۚ وَكَانَ ٱلْإِنسَـٰنُ أَكْثَرَ شَىْءٍ جَدَلًا ﴿٥٤﴾

[18:54] we have cited in this Quran every kind of example, but the human being is the most argumentative creature.

1. When you tell a Muslim " Call God Alone without saints"

2. When you tell him "Quran is complete book"!!

3. When you tell him "9:128,129 aren't word of God"!!

4. When you tell him "Word of God for new generation is shaped with mathematics"!!

5. When you tell him "don't mention Muhammad and your saints in your rituals"!!

6. When you tell him "Hadith and sunna is enemy number one of message of God"!!

7. When you tell him "God has cited in the Quran every kind of example, why it isn't enough for you. What you want from Quran?"!!

8. When you tell him "Quran is the best hadith "!

9. When you tell him "In which Hadith other than God and His revelations do they believe?"

10. When you tell him "The messenger Muhammad was human like us and a messenger like other messenger. He was no more than a messenger like the messengers before him "

11. When you tell him "Muhammad isn't unique and he isn't best messenger"

12. When you tell him "Don't make Salam and Salawat upon Muhammad "

13. When you tell him "Muhammad was last prophet but he wasn't last messenger "

14. When you tell him "There is only one sacred masjid and it is in Mecca not in Medina"

15. When you tell him "there is only one Shahada not two and it is 'there is no other gods beside God' "

But unfortunately he is the most argumentative human in the world.

وَإِذَا ذُكِرَ ٱللَّهُ وَحۡدَهُ ٱشۡمَأَزَّتۡ قُلُوبُ ٱلَّذِينَ لَا يُؤۡمِنُونَ بِٱلۡأٓخِرَةِۖ وَإِذَا ذُكِرَ ٱلَّذِينَ مِن دُونِهِۦٓ إِذَا هُمۡ يَسۡتَبۡشِرُونَ ﴿٤٥﴾

[39:45] When God ALONE is mentioned, the hearts of those who do not believe in the Hereafter shrink with aversion. But when others are mentioned beside Him, they become satisfied.*

The above verse has 76 (19*4) letters.

Praise be to God, Lord of the universe.
